MTP Prep Starting Strong

We are beginning our year of updating the Metropolitan Transportation Plan. There were many meetings, Preparations started in November and will continue in December. At the joint meeting on December 4th with the Council, PAC and TAC Reed Macmillan will be giving an overview of everything we've done so far and where we are heading with this new plan.

Council Voted on Boundary Agreement

The Council voted to make the official boundary of the MPO consistent with the Kent County boundary. This is due to annexations that took Smyrna and Clayton into New Castle County. You can see a full explanation and presentation by Reed Macmillan to the Council and the Council vote on our youtube channel (doverkentmpo) under "Council Meetings"

New Studies Underway

The studies outlined in our UPWP have all well underway. These include Dover Bike/Ped Plan Update, a Magnolia Intersection Study, An East West Corridor Study, A Freight Study for Harrington, and a Dover Area Freight Management and Cargo Ramp study. Updates will be available soon on our website (www.doverkentmpo.org)

JOURNEYS

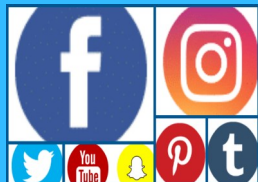

Where We're Headed....

Happy Holidays and Safe New Year

Everyone at the MPO is excited for 2020 to get here! We are all looking forward to taking our MTP to the next level next year and move forward like never before. However, we can't just let this year end without thanking all of you for your support. We have taken great strides in our website, social media, maps, digital archives, studies, and our general procedures and policies this year. We are grateful to everyone who helped us in 2019, and we look forward to working together to make 2020 a great one too!
